Information Sought :	<p>I am an Indian citizen . I am one of the end user of services and buyer of goods amongst crores of Indians who are ultimately paying CENTRAL EXCISE DUTY(ON PETROL & DIESEL) GOODS AND SERVICE TAX /CUSTOMS DUTY (which is a milestone in the economics landscape of India)to the Union Government Of India. The right to information is implicitly guaranteed by the Constitution. However, with a view to set out a practical regime for the citizens to secure information as a matter of right, the Indian Parliament enacted the Right to Information Act, 2005. This law is very comprehensive and covers almost all matters of governance. This Law has a wide reach, being applicable to Government at all levels- Union, State and Local as well as to the recipients of substantial government funds. The right to information is a fundamental right. THE RTI ACT 2005 is a big step towards making the citizens informed about the activities of the Government. It goes without saying that an informed citizen is better equipped to keep necessary vigil on the instruments of governance and make the government more accountable to the governed.
